Environmental Product Declaration (EPD)

Health Product Declaration v1.0 - hpdcollaborative.org - Page 1 of 4

The HPD Standard is solely a declaration of product content and direct health hazards associated with exposure to its individual contents. It is not a full assessment of environmental impacts from the life cycle of this product. It is not an assessment of risks associated with actual use of the product. It does not address the potential health impacts of substances used or created during manufacture that do not appear in the final product as residuals, nor substances created during combustion or other degradation processes.

This Health Product Declaration was generated following the requirements of the noted Standard version and is valid for a total of three years after date of issue or three months after a substantive change of product contents occurs. Users should verify that this Health Product Declaration is compliant with the most current version of the HPD Standard. Accuracy of claims made in this Health Product Declaration is the sole responsibility of the listed manufacturer and certifier (if applicable). The HPD Collaborative does not warrant any claim made herein, explicit or implicit. The HPD Standard is an “open standard” developed and managed by the HPD Collaborative, a nonprofit organization. For more information, visit hpdcollaborative.org.

NOTES

Exceptionally luxurious Shag which results in a cosy and elegant atmosphere. A very time consuming and expensive production of the yarn gives this carpet a unique charm. Extraordinary suitability for highly frequented objects as well as ability to tiles. The grainy surface emphasises the individuality of this product Highlight. Trade mark fibres with a Special lustre satisfy highest demands as to elegance and maintenance. Insulation and Sound Absorption are reinforced by the particular pile height. Entirely synthetic, permanently antistatic, flame retardant. Ecologically friendly (TÜV/GUT/GreenLabelPlus/AbZ/CE - licensed)
