

HPD UNIQUE IDENTIFIER: 208082364416
CLASSIFICATION: 09 91 00 Painting
PRODUCT DESCRIPTION: Superior quality emulsion wall paint of high quality for interior walls, plasterboards, etc. It is certified with the voluntary program Indoor Air Comfort™ by Eurofins organization with extremely low VOC emissions contributing to a healthier indoor air. It contains fungicidal additives that protect its dry film against mold, and it is suitable for humid environments. It is easily cleaned and highly resistant to washing with detergents. Due to its very low gloss, it effectively covers imperfections creating an even matt finish. The bright white and the thousands of its shades last for long, aesthetically upgrading any room. It is easy to apply with even leveling and mild odor.

Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.3, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-3-standard
