DECLARATION

Description

When you step into a space, it's the experience that matters.

When you're choosing the flooring to complete that space, experience matters even more.

For more than 95 years TOLI has been the premier manufacturer of the worlds most realistic vinyl floor coverings. Mature Select print film is produced to exacting Japanese standards using the finest offset lithography presses to deliver unmatched detail and realism. Our unique ClearGuard wear layer delivers invisible protection that enables the beauty to shine through but stands up to high-traffic environments for decades.

TOLI Mature Select combines the beauty you expect and the performance you demand for your high-traffic flooring applications. From its patent pending, two-tier wear layer that provides added protection and durability while still letting the products' wood and natural visuals show through, to the clarity of its print film, to its heat fused compressed backing with fiberglass reinforcement, Mature Select continues to provide the quality flooring that you have come to expect from TOLI.

The HPD Standard is solely a declaration of product content and direct health hazards associated with exposure to its individual contents. It is not a full assessment of environmental impacts from the life cycle of this product. It is not an assessment of risks associated with actual use of the product. It does not address the potential health impacts of substances used or created during manufacture that do not appear in the final product as residuals, nor substances created during combustion or other degradation processes.

This Health Product Declaration was generated following the requirements of the noted Standard version and is valid for a total of three years after date of issue or three months after a substantive change of product contents occurs. Users should verify that this Health Product Declaration is compliant with the most current version of the HPD Standard. Accuracy of claims made in this Health Product Declaration is the sole responsibility of the listed manufacturer and certifier (if applicable). The HPD Collaborative does not warrant any claim made herein, explicit or implicit. The HPD Standard is an “open standard” developed and managed by the HPD Collaborative, a nonprofit organization.
