Health Product
DECLARATION

Description

A clear penetrating breathable VOC compliant surface treatment for use on concrete, brick masonry and natural stone. The unique silane treatment penetrates into the substrate and chemically bonds with silica to form a permanent attachment of the water repellent molecule. In addition, an oil repellent additive resists the ingress of motor oil, transmission fluids, diesel fuel, and other automotive fluids. This additive also repels food products such as mustard, ketchup, food grease, milk, wine, beer, and soft drinks. Creates a deep hydrophobic layer which prevents the ingress of water and water borne contaminants from entering the substrate and causing premature deterioration. By combining a low surface tension with a tailored rate of reaction, **Protectosil BHN Plus** is able to move through the moisture boundary layer which lines the pore structure of the substrate. This permits the development of uniform gradient permeation or a consistent level protection throughout the entire depth of penetration. This allows for a longer life of the treatment especially on wearing surfaces.

Health Product Declaration v1.0 - hpdcollaborative.org - Page 1 of 3

The HPD Standard is solely a declaration of product content and direct health hazards associated with exposure to its individual contents. It is not a full assessment of environmental impacts from the life cycle of this product. It is not an assessment of risks associated with actual use of the product. It does not address the potential health impacts of substances used or created during manufacture that do not appear in the final product as residuals, nor substances created during combustion or other degradation processes.

This Health Product Declaration was generated following the requirements of the noted Standard version and is valid for a total of three years after date of issue or three months after a substantive change of product contents occurs. Users should verify that this Health Product Declaration is compliant with the most current version of the HPD Standard. Accuracy of claims made in this Health Product Declaration is the sole responsibility of the listed manufacturer and certifier (if applicable). The HPD Collaborative does not warrant any claim made herein, explicit or implicit. The HPD Standard is an “open standard” developed and managed by the HPD Collaborative, a nonprofit organization. For more information, visit hpdcollaborative.org.

CONTENT IN DESCENDING ORDER OF QUANTITY

All ingredients must be assessed for health warnings against Priority Hazard Lists, regardless of disclosure level. Priority Hazard Lists and information on the GreenScreen Benchmarks can be found at www.hpdcollaborative.org/hazardlists. **GS:** GreenScreen Benchmark; **RC:** Recycled Content, **PC:** Post Consumer, **PI:** Post Industrial (Pre-consumer), **BO:** Both; **Nano:** comprised of nanoscale particles or nanotechnology

Name	CAS RN	% weight	GS	RC	Nano	Role
Hazard A	Warning A					
Hazard B	Warning B					
Hazard C	Warning C					
Hazard D	Warning D					
Hazard E	Warning E					
Notes						
Undisclosed (Alkyltrialkoxysilane)	Unknown	80 - 94 %		U	Y	Water Repellent
Unknown	Not disclosed					
This product contains the range of 80-94 % purity as to not allow for competitors to identify purity of product. There is no recycled content in this product.						
Undisclosed (Oleophobic Chemical)	Undisclosed	0 - 10 %		U	Y	Oleophobic Chemical
None found	No warnings found on HPD Priority lists					
There is no recycled content in this product.						

CERTIFICATIONS AND COMPLIANCE

Certifying Party = First: Manufacturer’s self-declaration; Second: Verification by trade association or other interested party; Third: Verification by independent certifier (ideal). **Applicable facilities** = Manufacturing sites to which testing applies.
